Subject: Questionnaire

We have provided the following responses to the questions posed by the Poudre School District. These responses are consistent with the EdClub Privacy Policy and this letter in no way supersedes the EdClub Privacy Policy or EdClub Terms of Service. 1. Detailed specific description of the product. It should not include wording such as "most used" or "used by x amount of schools", it should be specific to the product only and no sales.

TypingClub is a customizable, web-based keyboarding program that teaches students touch typing. Instructional videos, games, and varied lesson experiences are used throughout the curriculum to motivate and engage students. TypingClub's virtual hand and keyboard guides provide constant visual guidance so students know exactly how their fingers should be placed on the keyboard, while the voice narration can provide optional audio guidance. The curriculum teaches students the basics of learning the home, top, and bottom rows before moving on to punctuation, numbers, and symbols. The curriculum then becomes content based with sections reinforcing skills such as spelling and comprehension and drawing on topics such as science, world history, and cultural facts. The lessons have a continued focus on accuracy and speed while preparing students for standardized testing.

2. Provide a full price quote broken out for the full length of the requested time of use.

The attached quote is based on the number of licenses that Poudre school district is currently using. It starts upon the expiration date of your current licenses on August 17, 2017 and expires the following year on August 16, 2018.
