You don't often get email from support@easycbm.com. [Learn why this is important](#)

Caution: This message was sent from outside of Poudre School District. Be sure you trust the sender before clicking links or opening attachments.

Kristina,

Thank you for reaching out to easyCBM Teacher Deluxe. Unfortunately, we are not able to meet the WCAG accessibility standards at this time. The University of Oregon, where easyCBM Teacher Deluxe is housed, is currently working on guidance for next steps. We hope to be able to meet the WCAG standards in the future.

Thank you,
Raina

Hello Kristina,

My apologies for the delay. Can you let me know whether you are referencing easyCBM Lite, easyCBM Teacher Deluxe, or easyCBM District version?

Thank you,
Raina

Hello,

I'm working on Accessibility reviews for all On-Demand software in Poudre School District, Fort Collins, Colorado. I'm wondering if you have a VPAT available to send me to keep on file for compliance purposes? If you have questions about this, please let me know. As a Colorado government agency, we (and all of our 3rd party vendors) are required to be compliant in the next year or so. Looking forward to hearing from you.

Please send a copy of your VPAT Accessibility Compliance (VPAT Education: <https://www.deque.com/vpat/>) showing that your software is [WCAG 2.1 AA](#) (or higher) compliant.

For more information on Colorado's requirements, please visit this site:

<https://oit.colorado.gov/hb21-1110-faq>

Thank you in advance for your help!

Best Regards,

Kristina
