Voluntary Product Accessibility Template (VPAT)	
Product Name: Delightex (formerly CoSpaces Edu)	
Version: April 2025	
Report Date: April 2025	
Contact Information: support@delightex.com	
Evaluation Methods Used: Self-evaluation based on WCAG 2.1 Level A and AA criteria. No formal 3rd-party audit conducted at this stage.	

Criteria	Conformance Level	Remarks and Explanations
1.1.1 Non-text Content	Supports with Exceptions	Most icons and buttons include text labels. 3D content may lack alternative representations.
1.2.1 Audio-only and Video-only (Prerecorded)	Not Applicable	Product primarily uses interactive 3D environments, not audio-only or video-only content.
1.2.2 Captions (Prerecorded)	Supports with Exceptions	Embedded videos may support captions, but user-generated content may lack them.
1.2.3 Audio Description or Media Alternative	Not Evaluated	Users may upload their own audio content. No formal testing of such content, given the fact that it's user-generated.
1.3.1 Info and Relationships	Supports	Layout uses labels and buttons where applicable.
1.3.2 Meaningful Sequence	Supports	Content reading order is preserved in linear navigation.
1.3.3 Sensory Characteristics	Supports	Instructions do not rely solely on color or shape.
1.4.1 Use of Color	Supports	Color is not the sole method of conveying information.
1.4.2 Audio Control	Not Applicable	No autoplay audio.
2.1.1 Keyboard	Supports with Exceptions	Most functions are keyboard-accessible; 3D interactions may have limited support.
2.1.2 No Keyboard Trap	Supports	Focus can be moved away from all components via keyboard.
2.2.1 Timing Adjustable	Supports	Session timeouts are not enforced or allow user control.
2.2.2 Pause, Stop, Hide	Supports with Exceptions	Animation speed is not user-controlled in some areas.
2.3.1 Three Flashes or Below Threshold	Supports	No flashing content present.
2.4.1 Bypass Blocks	Supports	Skip navigation features are available.
2.4.2 Page Titled	Supports	Titles are meaningful and describe page purpose.
2.4.3 Focus Order	Supports	Logical navigation sequence.
2.4.4 Link Purpose (In Context)	Supports	Links are clear and meaningful.
3.1.1 Language of Page	Supports	Various languages available and can be chosen under settings.
3.2.1 On Focus	Supports	No unexpected context changes.
3.2.2 On Input	Supports	Input changes do not cause disruptive behavior.
3.3.1 Error Identification	Supports	Error messages are provided.
3.3.2 Labels or Instructions	Supports	Most fields and controls have clear labels.
1.2.4 Captions (Live)	Not Applicable	Live video not used.
1.2.5 Audio Description (Prerecorded)	Not Evaluated	No formal evaluation; depends on content.
1.3.4 Orientation	Supports	Application supports both landscape and portrait.
1.3.5 Identify Input Purpose	Supports with Exceptions	Some form fields may not use autocomplete attributes.
1.4.3 Contrast (Minimum)	Supports with Exceptions	General UI maintains good contrast; some design elements may fall short.
1.4.4 Resize Text	Supports	Text resizes with browser zoom.

1.4.5 Images of Text	Supports	Minimal use of images of text.
1.4.10 Reflow	Supports with Exceptions	Layout adapts on smaller screens; some overflow in complex scenes.
1.4.11 Non-text Contrast	Supports with Exceptions	Some interactive controls may have insufficient contrast.
1.4.12 Text Spacing	Supports	Maintains readability with increased spacing.
1.4.13 Content on Hover or Focus	Supports	Tooltips are dismissible and hover-triggered content is manageable.
2.4.5 Multiple Ways	Supports	Users can navigate via menus, links, and search.
2.4.6 Headings and Labels	Supports	Headings and labels describe topic/purpose.
2.4.7 Focus Visible	Not Evaluated	Visible focus indicator is present.
3.1.2 Language of Parts	Supports	No data on multilingual content support.
3.2.3 Consistent Navigation	Supports	Navigation is consistent across pages.
3.2.4 Consistent Identification	Supports	Elements are consistently labeled and behave predictably.
3.3.3 Error Suggestion	Supports	Suggestions provided for form errors.
3.3.4 Error Prevention (Legal, Financial, Data)	Supports	Confirmations and undo available for critical actions.
